

# MUSEUM of Anthropology

at the University of  
British Columbia

May 14, 2007.

Dear Art Education Students,

Thank you for your participation on May 11, 2007, as the Museum of Anthropology presented the first-ever BIG DRAW in Canada, your contribution played an integral role in the success of this event.

The "A" is for Artifact program was created for teachers and their students in grades 3, 4, and 5 as an hour-long drawing activity. Three sessions were held and each class drew all the pages of an alphabet book with each letter drawn from things students found, seen, or imagined in or around the Museum. The drawing activity was a great success as over three-hundred Elementary students attended.

A follow-up a bookbinding workshop will be held at MOA at 4 pm on Tuesday, May 22, in which the Art Education Students are welcome to participate and learn book binding techniques. Please RSVP us at [programs@moa.ubc.ca](mailto:programs@moa.ubc.ca)

Best Regards,

Kimberly Baker
